Dear Colleagues,

The [IFALPA Daily News](#) is now available online.

Here are today's top headlines. To read more, click on the title:

[Lagos air crash after take-off kills at least 15](#)

A plane carrying twenty passengers has crashed shortly after take-off in Lagos killing at least fifteen people.

[ICAO Assembly elects new council for three-year term](#)

The 38th Session of the Assembly of the International Civil Aviation Organization (ICAO) completed the election of its new Council today. The 36-Member Council is the governing body of the Organization and is elected for a three-year term.

[“Just culture” tops agenda at AAMS Safety Conference](#)

The Association of Air Medical Services (AAMS) hosted its air medical safety summit last month in Washington, D.C. Topics covered at the event included enhancing professionalism, data collection, coordinated communications, technology and developing a low-altitude infrastructure that supports the helicopter EMS community.

[EU countries to support “imperfect” emissions compromise](#)

European countries expressed support for an “imperfect” compromise to curb global aviation emissions on Wednesday but still face pressure to drop a key demand – to be able to apply the EU's carbon trading scheme to foreign air carriers.

[ADS-B coming soon to Asian airspace](#)

While the FAA mandate to install ADS-B out equipment for aircraft flying in U.S. airspace by Jan. 1, 2020 is more than six years away, aircraft operating in some countries' airspace must be compliant starting this December.

[Airline traffic set to grow faster – IATA](#)

Demand for flights is set to accelerate across the world during the rest of 2013, according to the latest report on air traffic growth by IATA.
